Call the ISU Recycling Center at 237-8150 or Please e-mail us at escrapinfo@treesinc.org

- No hazardous wastes will be accepted except for electronics.
- No major appliances will be accepted, such as washer/dryer, stove, etc.
(see our recycling brochure for more info <http://www.treesinc.org/recycling.html>)
- No Freon-containing appliances will be accepted such as refrigerators, air conditioners, or water coolers.
- No radioactive materials will be accepted such as home smoke detectors
- All attempts should be made to preserve the integrity of the product. Cords should not be cut or removed. Please do not crush or dismantle items.
- All hard drives and data storage media will be secured and erased or destroyed using electronic industry approved methods.
- Businesses, non-profit offices, or industries interested in recycling electronic scrap should contact the ISU Recycling Center for information and to make plans for individual drop-offs. 237-8150
- There is no fee to recycle e-scrap at this event. However, contributions to help with the transportation expense related to this volunteer effort would be appreciated.
Suggested contribution – a car trunk load - \$5.
